

STUDENT DIRECTORY

The PTA will be publishing a Student Directory soon. This directory will be distributed to Eldersburg Elementary students and staff only. It should be used only to contact other students and their parents to issue invitations, find out about homework assignments, make carpool arrangements, etc.

Every student will be listed under his/her home base assignment. In the directory section, we list names, home phone number, address, and an e-mail address that can be shared with our school community. Please complete the form below giving permission for this information to be published. If you do not return the form, your child's name will be listed only under their home base assignment. Please note that you **MUST** resubmit this information on a yearly basis while your child is enrolled at Eldersburg. **The information is not carried over from year to year.**

If you have more than one child enrolled in the school you may use one form to record the information for all the children. Just make sure you clearly indicate which child is in which grade and class.

If possible, please bring this form to school by Friday, June 12th. Do not worry about the teacher assignment; this data will be filled in when class lists are distributed. We would like to begin working on the directory over the summer. (Additional forms will be distributed the first week of school if you need one.)

We hope to have the directory distributed by the late September. If you have any questions or concerns, please contact me at 410-549-8707 or email at janice.motter@verizon.net.

Thanks for your help! Janice Wockenfuss-Motter, Directory Committee

Student Directory Form- *Please print clearly*

Student's Name: _____

Grade: _____

Teacher: _____

Parent's/Guardian's Name(s): _____

Street Address: _____

Phone Number: _____

E-mail Address: _____

If you have more than one child enrolled in the school, you may include information for everyone on one form. Just be sure you clearly indicate which child is in which grade. Thanks!
